What does the cover signify?

The cover of Indian Phosphate Ltd. Annual Report 2024-25, themed "Our Path, Our Progress, Our Future," symbolizes the Company's balanced journey of growth where agriculture and industry converge. The green crop imagery reflects its farmer-centric fertilizer business, while the plant visuals highlight its advanced chemical manufacturing. The interconnected circles and upward graphics signify integration, innovation and forward momentum, reinforcing the Company commitment to sustainable progress and future-ready growth.

Our journey began with a simple aim: to support Indian agriculture with better plant nutrition. Over time, we moved beyond a single product and became a company with fertilizers, chemicals and special nutrients. This growth has helped us serve not only farmers but also large industries that depend on our products.

One of our greatest strengths lies in the seamless end-to-end integration of our operations. This has enabled us to consistently deliver high-quality products with assured availability, positioning us as a reliable and trusted supplier. Our ability to combine quality with dependability has not only strengthened our credibility but also built a strong brand image. Over time, this foundation of trust has evolved into deeper partnerships and long-term supply agreements, making us a preferred name across both agriculture and industry.

FY25 was an important year for us as the funds raised from our IPO were used to invest in new growth opportunities, including the greenfield plant at Cuddalore, improvements in working capital. We also expanded our presence in states such as West Bengal, Bihar and Tamil Nadu, while new dealer programs and technical collaborations helped us remain closer to the market. At the same time, we continued to focus on impact that goes beyond numbers by introducing new product formulations like Urea SSP and adopting cleaner practices such as solar power and zero liquid discharge systems.

Our path is simple.
Our progress is steady.
And our future is about creating value for our customers, partners and communities.

1

India's agriculture and FMCG sectors are at the cusp of transformation. Fertilizer consumption continues to play a pivotal role in ensuring food security for a nation of 1.4 billion, while chemicals and intermediates have become critical for industrial and household applications.

2

India's fertilizer demand stood at over 61 million tonnes in FY24, with our nutrient fertilizers gaining traction as a soil-enriching option for small and marginal farmers.

3

The Government's emphasis on balanced fertilizer uses and soil health cards is expected to further drive our nutrient fertilizer adoption.

4

The Indian chemical industry, valued at USD 220 billion, is set to double by 2030, supported by downstream demand from FMCG majors.

5

Infrastructure and digitalization initiatives, along with subsidy reforms, are strengthening farmer outreach and ensuring timely delivery.

Shaping the future of Indian Phosphate Limited

Vision

To create value for all stake holders through organic & sustainable growth with continuous innovation.

Mission

To comprehend & fulfil customer needs by leveraging our manufacturing expertise, supported by robust research & development programs that integrate innovations into our growth journey.

7 facts that stands us apart

Legacy

Founded in 1998 by first-generation entrepreneur Mr. Ravindra Singh, Indian Phosphate Limited has grown from a modest start into a trusted name in fertilizers and chemicals. Backed by more than two decades of experience and a committed team of professionals, the Company has built a strong and sustainable business model

Presence

With headquarters in Udaipur, Rajasthan, and a primary manufacturing base at Udaipur, Rajasthan, IPhL has strengthened its reach by commissioning an integrated facility in Cuddalore, Tamil Nadu. This multi-state presence has enabled the company expand their geographic presence as well as enhances proximity to key consumption markets.

Product portfolio

The company operates across two synergistic verticals fertilizers and chemicals. In fertilizers, the Company produces various multi nutrient economical fertilizers. In chemicals, the Company is producing chemicals products being used in detergents and soaps etc.

Quality Policy

Quality underpins every stage of the Company's operations from sourcing raw materials to final delivery. Fertilizer production complies with the Fertilizer Control Order (FCO) of India, while chemical products meet strict benchmarks for premium detergent formulations. The stringent process controls & adherence to strict quality controls to ensure delivery of products with consistency, reliability, and sustainability.

Human Resource

A dedicated workforce powers the Company's operations across its facilities. The team includes engineers, agronomists, technical specialists, and administrative professionals. Guided by a leadership team with more than 30 years of industry experience, the workforce plays a key role in innovation, farmer engagement, and customer relationships.

HSE Adherence

We are deeply committed to occupational safety and environmental stewardship. Its operations follow a zero liquid discharge policy, solar energy adoption, and advanced water recycling practices. Safety standards and eco-friendly initiatives are continuously strengthened, with sustainability embedded in both Rajasthan and Tamil Nadu facilities.

Identity

The Company's competitive strengths are anchored in trusted partnerships with marquee clients across FMCG and Fertilizer industry, a deep understanding of both surfactant and fertilizer markets, and the enduring equity of its popular brand "Ankur SSP." These are further reinforced by cost-efficient operations and a wide-reaching distribution network.

Our path, progress and future through the power of vision and perseverance

In business, transformation is defined not just by milestones but by the vision that sustains growth and reinvention. Enduring companies are those that blend strategic foresight with operational discipline and evolve with changing market dynamics. True progress lies in the commitment to quality, the trust of customers, and a constant focus on sustainable development that creates long-term value for every stakeholder.

The journey of Indian Phosphate Limited mirrors this philosophy. From a modest beginning in trading to becoming a dual-force in fertilizers and chemicals, the Company has steadily expanded its scale, diversified its portfolio, and strengthened its resilience through backward integration. Each milestone has not only marked capacity enhancement but also reinforced sustainability, innovation, and preparedness for cyclical market challenges positioning the Company for sustained growth and value creation.

Our value-creation in numbers

From the desk of Chairman & Managing Director

Dear Shareholders

With great pride and gratitude, I present to you the Annual Report for 2024-25 a year that eloquently brings to life the cover theme: Our path. Our progress. Our future. This is more than a slogan; it stands testament to a journey fueled by vision, shaped by resilience, and propelled by ambition. The path we have walked together, the progress we have engineered, and the thrilling prospects that beckon on our horizon each serves as a chapter in the unfolding story of Indian Phosphate Limited.

Guided by purpose, driven by vision

From humble beginnings in 1998, our company set forth on a mission to serve as a catalyst for India's agricultural prosperity and industrial development. We dreamt big. We envisioned a business that would not only manufacture fertilizers and chemicals, but also empower farmers, energize industry, and spark sustainable change. Each choice made, each milestone crossed whether it was commissioning our Fertilizer plant or diversifying into surfactants was a deliberate step forward, guided by clarity of purpose and collective resolve. The decision to go public in FY25 symbolized a new dawn, with thousands joining us as co-travelers and stakeholders in this inspiring narrative.

Our Progress: Transforming challenges into opportunities

The past year stands as a vivid illustration of our ability to harness opportunities from challenges and convert aspirations into accomplishments. As we navigated an industry marked by dynamic input costs, regulatory shifts, and global supply uncertainties, our response was one of action, not hesitation.

Our IPO, warmly embraced by the market, opened fresh avenues for growth. The resources it unleashed allowed us to plant roots in Tamil Nadu with a state-of-the-art greenfield facility at Cuddalore. This move not only deepens our presence in southern India, but also enables backward integration into critical raw materials like sulphuric acid and supports captive green power self-sufficiency - a shining example of strategic alignment at work.

From a financial perspective, the year 2024-25 was a testament to our robust business model and operational discipline. Revenue from operations surged to ₹80,045.78 lakhs, up from ₹70,625.54 lakhs in the previous year, underlining the strength of our diversified portfolio and market reach. Profit before tax stood at ₹1,306.14 lakhs, while profit after tax was ₹917.02 lakhs, reflecting the impact of investments in processes, people, and cost efficiency. Our net worth reached ₹14,916.27 lakhs as of March 31, 2025, showcasing

healthy capitalisation and prudent balance sheet management. On the operational front, fertilizer production surged by a striking 40%, while chemical division product volumes climbed 15%, both outpacing previous benchmarks. The expansion into NPK complex fertilizers with the commissioning of the Urea SSP plant marked a significant broadening of our solutions portfolio, directly addressing soil health as well as regional crop requirements. Sales volumes soared fertilizer sales nearly doubled year-on-year an affirmation of our trusted brand and relentless market engagement.

Quality and innovation remained twin pillars of our progress. Over 80% of our fertilizer output is now fortified with micronutrients, answering real and urgent needs of Indian agriculture. Digital transformation too has become a hallmark - ERP platforms, robust CRM implementation, and streamlined B2B digital exchanges are making us more agile and responsive than ever before.

Building enduring value

It is said that the best way to predict the future is to create it. At Indian Phosphate we view the future not merely as destiny, but as an open field to be cultivated with strategic vision and bold investments. The investments of FY25 through a new capacity at Cuddalore, buffer warehousing to manage cyclical demand, and enhanced logistics to serve farm gates in even the remotest corners are planting the seeds for tomorrow's bounty.

In partnership with institutional clients like Hindustan Urvarak & Rasayan Limited and through our ever-growing dealer network, our solutions are now enriching soils, boosting yields, and building prosperity across more than

nine states and several marquee industries. The focus on value-added and customized crop nutrition has positioned us as a preferred supplier for both government schemes and market-driven private partnerships. With investments in backward integration, such as captive rock phosphate and solar power, we are engineering lasting competitive advantages and buffering the business against future volatility.

Responsible growth

Our commitment to the future extends beyond financial benchmarks. Sustainability underpins every investment we make. The solar power plant at Bikaner, process zero-discharge and energy recycling at new manufacturing sites, and rigorous adherence to environmental standards speak to our pledge to reduce our ecological footprint while remaining a responsible corporate citizen.

Corporate social responsibility is not just a compliance requirement, but a core value. Initiatives in rural development, women's empowerment, and education form the heart of our community engagement. Our teams work alongside partners to create impact, not just through philanthropy, but through technology and opportunity sharing. We envision a future where our growth uplifts all - shareholders, employees, communities, and the environment.

Looking ahead

As I reflect on our remarkable journey of our path, our progress, it is the promise of the future that excites me the most. The agriculture sector stands on the cusp of transformation, buoyed by government reforms, rising demand, and technological change. With a proven track record, a culture of innovation, and the enduring trust of stakeholders, Indian

At Indian Phosphate we view the future not merely as destiny, but as an open field to be cultivated with strategic vision and bold investments.

Phosphate Limited is poised to be at the forefront of this transformation.

Our strategies for the coming years are clear. We will expand our operating footprint in underserved regions, deepen partnerships with farmers and institutions, continue to invest in research, and strengthen our commitment to sustainable and inclusive growth. Our focus will remain unwaveringly on building resilience, ensuring quality, and driving operational excellence.

A grateful acknowledgment

None of what we have achieved would have been possible without the tireless dedication and spirit of our employees, the support of our partners and distributors, the trust of our investors, and the confidence placed in us by the farming community. I extend my deepest gratitude to each one for believing in our vision and journey for making "Our path. Our progress. Our future." a living, breathing reality.

Together, let us stride forward undaunted and inspired towards a future that is as promising as our dreams.

With warm regards and an optimistic outlook

Our path, progress and future through our market debut

Embarking on a new growth journey

FY 2024–25 was a defining year for Indian Phosphate Limited as we successfully made our debut on NSE Emerge with a fresh issue of 68.04 lakh equity shares at Rs.99 per share (face value Rs.10, premium Rs.89). This milestone was not merely a financial event, it marked the beginning of a bold new chapter, opening wider avenues for growth, resilience, and long-term stakeholder value creation. For us, this IPO was a vote of confidence in the journey we have travelled so far and an endorsement of the possibilities that lie ahead.

Confidence in our dual-strength model

The issue witnessed enthusiastic participation from institutional, retail, and non-institutional investors, reaffirming confidence in our unique dual-business model - fertilizers that enrich India's farmlands and surfactants that empower its FMCG sector. The robust response highlighted the trust placed in our strong fundamentals, our integrated operations, and our ability to balance cyclical risks through diversification. The successful listing reaffirmed that markets recognise IPhL as not just a

regional player but a national force in the making.

Fortified capital, purposeful direction

Becoming a listed entity enhances our ability to deepen capacity, expand market presence, and accelerate investments in innovation and sustainability. It reinforces our commitment to building an enterprise that is both financially sound and purpose-driven, delivering solutions that enrich farmers, strengthen supply chains, and contribute to national priorities of food security and industrial growth.

Expansion backed by strategy

IPO proceeds are being channelled into strengthening our integrated facility at Cuddalore. Together with our established base at Udaipur, these investments will create a tri-regional network that brings fertilizers closer to farmers and ensures uninterrupted supply of critical raw materials to our principal partners.

A launchpad for the future

Our listing is not the culmination of our journey, but the launchpad for the next era of growth. With a stronger balance sheet, broader investor community, and sharper operational focus, we are poised to scale thoughtfully and deliver enduring value. The IPO has not only unlocked new financial flexibility but also elevated our brand to a wider audience, bringing us closer to stakeholders who share our vision for sustainable progress. Anchored in the theme "Our Path. Our Progress. Our Future", this milestone signifies our resolve to build an enterprise that is future-ready, responsible, and resilient.

Strengthened financial base

The successful IPO, raising Rs.6,735.96 lakh, fortified our balance sheet, reduced dependence on high-cost borrowings, and unlocked resources for expansion and innovation.

Capacity expansion momentum

Capacity expansion strategy with an outlay of Rs.3,318 Lakhs - all out of IPO proceeds.

Revenue growth trajectory

Total income grew from Rs.70,625.54 lakh in FY 2023-24 to Rs.80,045.78 lakh in FY 2024-25, a rise of nearly 13%, led by robust demand across fertilizers and chemicals.

What we were

- Predominantly regional presence in fertilizers and chemicals
- High dependence on Udaipur operations
- Limited scale of outreach beyond existing geographies

What we are

- A listed enterprise with a stronger capital base
- Multi-locational manufacturing presence
- Growing dealer network

Our path through integrated manufacturing excellence

Overview

Our path in manufacturing has never been about merely building factories; it has been about demonstrating what foresight, resilience, and purpose can achieve in a country where agriculture and industry serve as the twin engines of progress. When we commissioned our first Fertilizer plant in Udaipur in 2004, it was not simply the beginning of production, it was the beginning of a philosophy.

From those modest beginnings, the spark at Udaipur has expanded into a multi-location manufacturing ecosystem that now stretches across the North, West, and South of India. At its centre lies our Udaipur facility at Umarda, strategically positioned near critical inputs like rock phosphate and sulphuric acid. This proximity is not just a logistical advantage; it is a deliberate choice to secure cost competitiveness, supply stability, and consistent quality.

The commissioning of our state-of-the-art facility in Cuddalore, Tamil Nadu, marks a defining leap forward. Built to manufacture sulphuric acid, LABSA 90%, and magnesium sulphate, it creates an interconnected system where backward integration enhances reliability and resilience. Its location near southern consumption centres including proximity to key industrial customers was a strategic move to strengthen logistics and supply reliability.

Strengths

The true strength of our manufacturing is not measured only in volumes produced but in the way integration, diversification, and sustainability have been woven together to form a fabric of resilience. This ensures that our facilities do more than deliver output - they adapt, evolve, and create enduring value.

Our installed capacity of chemical plant is 1,05,000 MT annually, giving stability even in volatile markets.

At Udaipur facility, the flexibility to produce both powdered and Granulated reflects our responsiveness to farmer needs. Granulated fertilizer improves handling and application, while powdered fertilizer remains cost-efficient for wider adoption. Beyond this, fortified fertilizer enriched with zinc and boron addresses India's critical micronutrient deficiencies, and the new Urea SSP (NPK) innovation combines nitrogen and phosphorus in one application, simplifying farm practices.

Every facility is built on the same guiding philosophy: operational flexibility, quality-first processes, and sustainability as a built-in feature. From energy recovery systems that maximize efficiency, to advanced effluent treatment that protects the environment, from PLC-driven automation that ensures consistency to NABL-certified labs that guarantee quality. Our plants have been designed to prove that responsibility and efficiency can coexist and strengthen one another.

Achievements during the year

FY 2024-25 was not just only a year of milestones, it was also a year where strategic foresight translated into visible progress. Every facility added momentum, proving that manufacturing excellence is not about one-time achievements but about consistency of performance.

At Udaipur facility, our flagship fertilizer unit reached record

utilization levels, reaffirming the strength of our fertilizer portfolio. It was not simply about higher output, but about producing with precision and relevance for the farmers who depend on us.

Further south, the Cuddalore facility became the face of our next leap forward. Significant investments in plant and machinery laid the foundation for an integrated chemical ecosystem designed

for scale and sustainability. Here, sulphuric acid production does more than feed to chemical division - it supports internal energy needs, making the plant self-reliant and efficient.

Meanwhile, our diversification into fortified fertilizer gained strong traction among farmers. Importantly, these gains came without significant capital additions, proving our agility in aligning market demand with existing manufacturing strengths.

Case Study:

How we achieved excellence through our integrated facility?

The story of Udaipur facility is more than the story of a plant, it is the story of integration in action. Fertilizer and chemical lines here are not isolated units but complementary systems, sharing utilities and optimizing resources. Energy generated in one stream supports another, and by-products from one process become feedstock for the next. Logistics and supply chains are also pooled, ensuring that efficiency is not an occasional achievement but an everyday discipline.

The Cuddalore facility carries this philosophy forward. Strategically located near Linear Alkyl Benzene sources and close to southern consumption hubs, it reduces logistics time and costs while enhancing customer service. More importantly, it is built as a future-ready facility, designed with advanced effluent systems, robust air quality management, and a zero-liquid-discharge framework. It reflects a mindset that asks not only how much we can produce but also how responsibly we should produce.

Our progress in driving quality and reliability

Overview

Our products are not defined by volume alone they are defined by relevance, reliability, and trust. Each bag of fertiliser and every tonne of chemical represents more than nutrients or molecules; it carries the assurance of consistency, care, and long-term value. From the green fields of India's farmlands to the bustling factories of consumer goods giants, our portfolio acts as a bridge between two interconnected worlds - agriculture and industry each powering the other.

In fertilisers, what began as simple nutrient formulations has steadily evolved into a comprehensive range. Today, we manufacture Granulated fertilizer that improves handling and reduces wastage, fortified fertilizer enriched with zinc and boron that

addresses critical soil deficiencies, and the newly developed Urea SSP that simplifies nutrient management by combining nitrogen and phosphorus in one application. Each of these innovations enriches the soil, strengthens crop yields, and promotes sustainable farming practices that directly uplift farmers' livelihoods.

The products of our chemical division continues to be the backbone of India's detergent industry, powering millions of households every single day through leading FMCG brands. Alongside it, sulphuric acid fortifies our backward integration, enhancing both cost-efficiency and supply security, while magnesium sulphate supports chlorophyll synthesis and boosts crop health. Together, these products form a unique synergy,

where chemicals reinforce fertiliser operations, and fertilisers in turn expand the reach of our impact on agriculture.

This dual portfolio demonstrates its strength not only in terms of scale but also in its diversity. Fertilisers provide stability by supporting agriculture, while chemicals add industrial momentum and growth. Together, these complementary segments enable Indian Phosphate Limited to perform across market cycles, building a resilient business model capable of withstanding volatility and sustaining long-term growth.

Strengths

FY25 was a year of tangible progress, where product lines not only grew in volume but also deepened their relevance in the markets we serve. Our products strengthened further, reinforcing our position as a trusted partner for leading FMCG majors. The significance of this achievement lies not merely in higher output, but in the consistent quality and reliability that enable our customers to uphold their own brand promises.

On the fertilizer front, our product variants saw rising adoption across regions with challenging soil profiles.

Quality and R&D

Quality has always been our compass, and research our guiding lens for the future. Every fertilizer we produce complies with FCO norms, every batch of chemical products meets international detergent-grade standards, and every stream of sulphuric acid aligns with industrial benchmarks. This consistency is safeguarded by our NABL-certified laboratories, which monitor raw materials, in-process parameters, and finished goods with rigorous

Farmers reported healthier crops and stronger yields, validating our focus on micronutrient enrichment. Trials of Urea SSP showed encouraging results, underscoring its potential as a breakthrough in nutrient management.

Geographical expansion added another dimension to our achievements. Our strategic entry into Bihar and West Bengal markets not only widened our farmer reach but also helped us to reduce dependence on traditional markets. These new forays were supported by freight subsidies and a strengthened

dealer network, demonstrating our agility in aligning distribution with opportunity.

We also enhanced our brand presence through packaging innovations and farmer education programs. Under the "Ankur SSP" brand, improved packaging, clearer usage instructions, and extensive field demonstrations created stronger engagement. These steps, though small in scale, generated lasting impact by building recognition, trust, and loyalty.

discipline.

Our R&D initiatives focused on solving real-world agricultural and industrial challenges. Urea SSP innovation simplified nutrient management, fortified blends addressed region-specific soil deficiencies, and improved sulphonation processes enhanced efficiency in chemical division production. Collaborations with agricultural universities deepened our understanding of soil science, while investments in advanced

analytical equipment elevated our testing and monitoring capabilities.

Continuous improvement programmes, employee training, and structured feedback loops ensured that quality consciousness remained embedded across the Company. At Indian Phosphate, innovation is not confined to laboratories, it is tested in the fields, proven in markets, and validated through recognition. Our commitment was honoured with various awards and accreditations, reaffirming our ability to meet and exceed global benchmarks.

Case Study:

Robust growth in Chemical Segment

Some partnerships grow into pillars of enduring strength. Our long-standing relationship with our principal buyers is a prime example of this. In FY25 robust growth in total revenue is a milestone that reflects not only the scale of operations but also the trust and stability embedded in this association.

Beyond numbers, our partnerships have deepened through dedicated capacity at our Tamil Nadu facility, developed specifically to cater to the growing requirements of key customers in the southern region. This investment ensured that supply schedules remain seamless, logistics costs are reduced, and responsiveness to evolving needs is strengthened. The facility was not just an expansion of capacity, but a demonstration of our customer-centric approach, aligning infrastructure with the precise requirements of our stakeholders

The collaboration itself extends well beyond transactional supply. Regular technical exchanges, joint quality improvement initiatives, and multi-year contracts have gradually elevated these relationships into benchmarks for how supplier–customer ties can evolve into true strategic partnerships. Together, we have built mechanisms that ensure consistency, resilience, and adaptability as qualities that are increasingly vital in a dynamic global marketplace.

For us, every customer is far more

than a client; they are partners in progress, whose growth journeys we take pride in actively supporting. Their continued trust in us is both a responsibility and a recognition of our ability to deliver reliably, innovate alongside evolving needs, and uphold the highest standards of performance. These partnerships demonstrate our capability not just to serve, but to co-create value that strengthens both organisations and contributes meaningfully to the industries we support.

Case Study:

Empowering Indian Farmers

If partnerships with industry demonstrate reliability, our connection with farmers demonstrates purpose. Our fertilizers touch the lives of thousands of farmers across India's agricultural heartlands. The adoption of fortified fertilizer has delivered visible improvements in yields for sugarcane, cotton, and cereals, while granulated fertilizer has reduced application losses, putting more value back into farmers' hands. Our approach has always gone beyond selling products. Educational initiatives, field demonstrations, and soil testing programs have created awareness about balanced fertilization and long-term soil health.

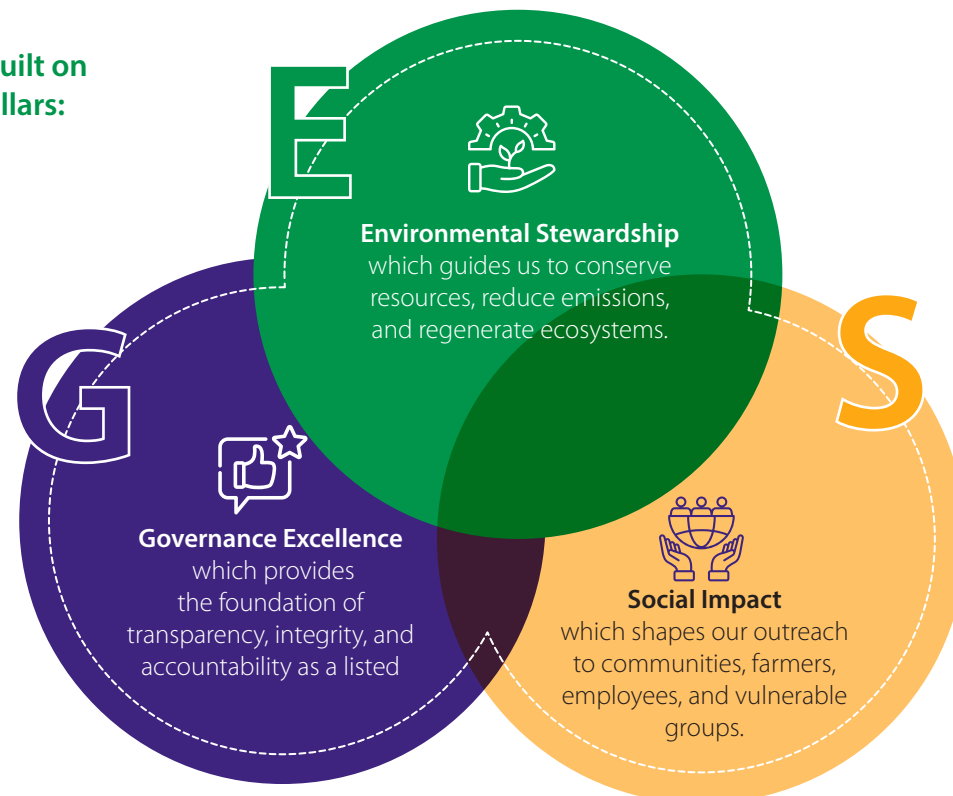

The results have been inspiring: higher yields, healthier soils, and improved farmer incomes. For us, each success story is not just a validation of our R&D but also a reminder of our responsibility to those who place their trust in us.

Our future towards a sustainable tomorrow

At Indian Phosphate Limited, we believe that growth without responsibility is incomplete. For us, ESG is not an obligation but it is a way of life. From the very beginning, we have aligned our business practices with a commitment to protect the environment, empower communities, and uphold the highest standards of governance. This integrated approach ensures that every tonne of fertilizer or chemical we produce is not only efficient and reliable but also socially meaningful and environmentally sustainable.

Our ESG framework is built on three interconnected pillars:

By embedding ESG across operations and decision-making, we create sustainable value for all stakeholders—farmers, FMCG partners, investors, employees, and communities.

Environmental stewardship

Our operations are deeply intertwined with natural resources. Recognizing this, we approach environmental responsibility not as a compliance exercise but as a strategic priority.

Renewable energy and carbon footprint

We are steadily building renewable energy capabilities. Our 0.75 MW solar power plant at Bikaner generated net 9.33 lakh units of green energy in FY25, covering a majority of our Udaipur plant's requirements and reducing emissions substantially. This transition not only strengthens our energy security but also generated annual savings of approximately ₹60 lakh, demonstrating how sustainability can enhance profitability.

Water and waste management

Water conservation is central to our environmental design. We operate with a zero liquid discharge policy, ensuring that no untreated water leaves our facilities. Process water is captured, treated, and reused internally, minimizing fresh water consumption and protecting local aquifers.

Waste heat recovery systems at our chemical plants supply energy requirement for chemical plant operations, while dilute acid streams from chemical division are used in fertilizer production. This circular economy approach reduces waste, improves resource efficiency, and sets benchmarks in sustainable manufacturing.

Responsible mining and biodiversity

At our Rupakheda mines development initiative, we propose to practice responsible rock phosphate mining, balancing raw

material security with ecosystem preservation. Controlled excavation, land reclamation, and biodiversity restoration form part of our mining protocols. We are committed to ensuring that resource extraction today does not compromise tomorrow's ecological balance.

Pollution control

Air and effluent quality are monitored

through advanced systems. Our NABL-certified labs ensure that emission levels, particulate matter, and effluent standards are not only compliant with regulations but also aligned with our own internal benchmarks. Regular audits and environmental impact assessments help us constantly identify areas of improvement.

Social impact

At Indian Phosphate Limited, we view social responsibility as a moral duty as well as a business enabler. Our fertilizers directly empower farmers by improving soil health and crop yields, while our CSR and social development initiatives uplift communities beyond agriculture.

Farmers first

Our fertilizers which include various nutrient fertilizers which are designed with farmers at the centre. Through soil testing camps, farmer field schools, and awareness programs, we educate cultivators about balanced nutrition and micronutrient management. Fortified fertilizer, enriched with zinc and boron, has seen rapid adoption in sugarcane and oilseed belts, improving yields and farmer incomes.

CSR commitments

During FY25, we invested ₹42 lakh in CSR projects, slightly exceeding our statutory obligation. Our initiatives, largely implemented through Ashirvad Foundation, focus on:

- **Education & skill development:** Scholarships for underprivileged children, school sanitation projects, and vocational training for youth.
- **Healthcare:** Preventive health camps, access to nutrition, and elderly welfare initiatives.
- **Women empowerment:** Programs supporting self-help groups, vocational skills, and income-generation activities.
- **Rural development:** Infrastructure improvements, safe drinking water access, and livelihood support.

Employee Well-being

At Indian Phosphate, our employees are not just part of the workforce, they are rather the soul of our organization. Every bag of fertilizer produced, every tonne of chemical products delivered, carries the imprint of their dedication, discipline, and ingenuity. We believe that operational excellence begins with people who feel safe, empowered, and valued.

Safety as the first promise: The nature of our industry demands vigilance, and safety is a non-negotiable priority. Regular health check-ups, occupational safety drills, and awareness sessions are part of our culture. Every employee is trained to identify hazards, follow best practices, and take ownership of creating a secure work environment. We invest in protective equipment, modern monitoring systems, and

plant-level safety audits to ensure that every individual returns home safe, every single day.

Growth through learning: Beyond safety, we focus on growth. Technical training, process workshops, and skill-upgradation initiatives equip our teams to embrace new technologies, advanced automation, and sustainable manufacturing practices. We actively encourage cross-functional exposure so that our

people gain not just expertise but also versatility, preparing them for leadership roles of tomorrow.

Well-being beyond the workplace:

Our commitment extends into employees' lives outside the factory gates. Welfare facilities, recreational spaces, and family support initiatives create a balanced environment where professional commitment and personal happiness coexist. We organize community events, cultural gatherings, and employee recognition programs to foster camaraderie and belonging.

Governance excellence

As a listed entity, governance is both our duty and our differentiator. We believe that strong governance builds trust, and trust builds long-term value.

IPO and accountability

FY25 marked our first full year as a listed company. The successful IPO, raising ₹6,736 lakh, did more than strengthen our balance sheet, it raised the bar for governance and disclosure. We recognize that investor trust is earned through consistent transparency and disciplined management.

and internal audits reinforce our governance culture, ensuring that integrity permeates every level of decision-making.

Risk management and transparency

Our risk management system identifies operational, financial, regulatory, and strategic risks. Regular

audits, compliance monitoring, and disclosures ensure that risks are not only mitigated but also communicated transparently to stakeholders.

FY25 financial performance further underlines governance strength: EPS stood at ₹4.14, and net worth grew by 84%, a testament to both investor confidence and prudent management.

Board oversight & committees

Our Board comprises experienced professionals, including independent directors who provide impartial oversight. The committee structure ensures specialized focus on audit, risk, nomination, and remuneration. Regular reviews and strategic discussions guide our long-term direction.

Ethics and compliance

We have instituted a Code of Conduct, a Whistle-blower Policy, and stringent compliance frameworks to ensure ethical conduct across the organization. Training programs

Notes

1. The Ministry of Corporate Affairs ('MCA') has vide its General Circular Nos. 14/2020, 17/2020, 20/2020, 02/2021, 21/2021, 02/2022, 11/2022 and 09/2023 dated April 8, 2020, April 13, 2020, May 5, 2020, January 13, 2021, December 14, 2021, May 5, 2022, December 28, 2022 & September 25, 2023 respectively ("MCA Circulars") and applicable SEBI circulars, has permitted holding of the AGM through VC/OAVM facility, without the physical presence of the members at a common venue. In compliance with the provisions of the Companies Act, 2013 (along with any rules thereunder, including any statutory modification(s) or re-enactment thereof for the time being in force and as may be enacted from time to time) ('the Act') and applicable MCA and SEBI Circulars, the AGM of the Company is being conducted through VC/OAVM (hereinafter called as 'e-AGM').
2. The deemed venue for e-AGM shall be the registered office of the Company.
3. Pursuant to the provisions of the act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on their behalf and the proxy need not be a member of the company. since this AGM is being held pursuant to the MCA circulars and SEBI circulars through VC/OAVM, physical attendance of members has been dispensed with. accordingly, the facility for appointment of proxies by the members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this notice.
4. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM/EGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL.
5. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the EGM/AGM without restriction on account of first come first served basis.
6. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
7. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC / OAVM and cast their votes through e-voting.
8. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at <https://indianphosphate.com>. The Notice can also be accessed from the websites of the Stock Exchanges at www.nseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
9. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

A. THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC / OAVM ARE AS UNDER:

- (i) The voting period begins on **26th September, 2025 at 9.00 AM and ends on 28th September, 2025 at 5.00 PM.** During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the **Cut-off date i.e. 22nd September, 2025** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories/Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Management Discussion and Analysis

Report

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Fertilizer industry is one of the most important industries that plays a vital role in supporting agricultural productivity and food security through the production of phosphate-based fertilizers. The industry is characterized by its strong linkage with the agricultural sector, which remains the primary end-user of phosphate fertilizers. In recent years, the phosphate industry has experienced a dynamic shift influenced by several macroeconomic and geopolitical factors. These include increasing population-driven food demand, fluctuating commodity prices, government subsidies, trade restrictions, and environmental regulations. The growing emphasis on sustainable agricultural practices is also reshaping the industry, with increased investments in environmentally friendly mining practices and more efficient fertilizer formulations.

However, the fertilizer industry demonstrates moderate to low susceptibility to broader economic fluctuations compared to other industrial sectors. This is largely due to its inherent connection to agriculture, a sector that tends to remain relatively stable even during economic downturns. However, certain segments and dynamics within the phosphate industry do reflect sensitivity to macroeconomic conditions.

India's Phosphate fertilizer industry is the third in the world, and is expected to grow to USD 5.6 billion by 2026. It's sixth largest employer in the country, after the textile industry, with over 1 million people employed. (according to TechSci Research)

Despite growing global vulnerabilities, better demand conditions, settled GST implementation, expansion from growing investments, continuing positive effects of reform policies and improved credit off take especially in the industrial sector the take of phosphate industry has been steep in Rajasthan and has galloped ahead of other major cities in India.

INDIAN AND RAJASTHAN PHOSPHATE INDUSTRY SECTOR:

India is among the world's top consumers of fertilizers, yet remains significantly dependent on imports for Phosphatic Fertilizers. To reduce this dependence and enhance self-reliance, the government has been actively promoting domestic production of economic fertilizers.

The Indian and Rajasthan phosphate industry, especially for companies engaged in manufacturing of fertilizers and Chemicals, is poised for sustainable growth. Proximity to raw materials, government incentives, and rising market demand provide a solid foundation for expansion, while strategic focus on efficiency, and innovation leading to long-term competitiveness and growth.

STRENGTH:

- Established market presence and longevity: Company is a well-established Public Limited Company on NSE Emerge and the pioneering unit operating for more than 26 years. The Brand of the Company namely "Ankur SSP" is well established and accepted in the market.
- Strategic manufacturing location: Plants of the Company are located at proximity to availability of raw material and high demand zones ensuring efficient distribution and reduced logistic costs.
- Diversified Product portfolio:
- Company produces a wide range of products including:
Manufacturing of Single Super Phosphate (SSP), Linear Alkyl Benzene Sulphonic Acid (LABSA-90%), etc.
- The Company's continued focus on adding sustainable and innovative products.

WEAKNESS:

- The Fluctuation in the crude prices can affect the raw material cost.
- Dependency on government fertilizer subsidy policy
- High Working Capital Intensive

Management Discussion and Analysis

Report

OPPORTUNITIES:

- Expanding new geographical markets - Tamil Nadu and Maharashtra
- Backward integration into production of Sulphuric Acid at Tamil Nadu

THREATS:

- Economic Recession
- Natural Calamities e.g. drought etc.

INDIAN FERTILIZER INDUSTRY OUTLOOK:

The outlook for the phosphate industry remains positive, particularly for companies engaged in the manufacturing of Fertilizers and Chemicals.

As per newspaper article published by Indian Express, FY 25 was a good year for Indian agriculture, in which both tractors and fertilizers notched up impressive sales growth. The tractor and fertilizer sales data act as a mirror for farm sector growth.

As per researchandmarkets.com analysis report, the fertilizer market in India is expected to grow from US\$ 43.54 billion in 2024 to reach US\$ 74.06 billion by 2033, with a CAGR of 6.08% during the period from 2025 to 2033.

Rising demand for cost-effective and soil-friendly fertilizers, driven by the government's continued support through the Nutrient-Based Subsidy (NBS) scheme, is expected to strengthen the Fertilizer segment. The economical products of the fertilizer division are gaining prominence as a substitute for costlier DAP, especially in sulphur-deficient soils, which supports its long-term demand.

The products of the chemical division being a key raw material in the detergent and cleaning industry, is projected to grow steadily due to increasing hygiene awareness, population growth, and urbanization.

However, supply chain stability, raw material price volatility, and environmental compliance will continue to be key challenges. Companies that invest in technological upgradation, sustainable practices, and backward integration will be better positioned to capture long-term value.

RISK MANAGEMENT POLICY:

Your Company operates in a dynamic business environment which have a bearing on day-to-day operations and thus has adequate internal financial control systems to monitor processes, financial reporting and compliance with applicable regulations viz., legislative changes, financial market volatility etc. Moreover, Risk Management is an integral part of the business process. It is pertinent to note that existing systems are reviewed by Statutory / Internal Auditors and due reporting is made to the Audit Committee for identification of deficiencies and necessary time bound actions to be taken. The Committee constituted as per statutory requirements reviews the risk management periodically and ensure suitable policies / actions are taken to create sustainable value to all stakeholders.

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY:

The Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and all transactions are authorized, recorded and reported correctly. The systems are updated and monitored on a continuous basis. The Company's internal control systems are further supplemented by Internal Audit conducted by competent finance executives and periodic review by Management. The Company has clearly laid down policies, guidelines and procedures which form part of its internal control system.

The Audit Committee of the Company consists of Independent Directors who possess expert knowledge and vast experience. They periodically review accounting records and various Accounts/statements prepared by the accounting department. They advise the senior management of the Company for any precautionary steps to be taken, as required from time to time. During the year under review, four meetings of Audit Committee were held to review, inter alia, the internal audit/controls along with management comments and initiated follow-up actions thereon.

FINANCIAL SECTION

Independent

Auditors' Report

To,
The Members,
Indian Phosphate Limited,

Report on the Financial Statements

Opinion

We have audited the standalone financial statements of Indian Phosphate Limited (the Company), which comprise the balance sheet as at 31st March 2025, and the Statement of Profit and Loss and Statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Treatment of IPO Expenses</p> <p>During the year, the Company undertook an Initial Public Offering (IPO), incurring significant expenses such as issue management fees, legal and professional charges, statutory filing fees, advertising, and marketing costs.</p> <p>As per the requirements of Section 52 of the Companies Act, 2013 and other applicable pronouncements, expenses directly attributable to the issue of shares are required to be adjusted against the Securities Premium Account, while other related expenses are to be charged to the Statement of Profit and Loss.</p>	<p>Principal Audit Procedures</p> <p>Our audit procedures included, among others:</p> <p>Understanding the process adopted by the Company for capturing and classifying IPO-related expenses. Evaluating the design and implementation of controls over the identification and classification of such expenses.</p> <p>Examining agreements, invoices, and supporting documentation for merchant bankers, legal advisors, registrars, statutory authorities, printers, and advertisers to assess the nature of the expenditure. Testing all transactions to check:</p> <p>Whether directly attributable expenses were adjusted against Securities Premium in accordance with Section 52 of the Companies Act, 2013, and Whether other IPO-related costs were charged to the Statement of Profit and Loss.</p> <p>Reviewing the accounting policy adopted by the Company and assessing its compliance with Indian GAAP and the provisions of the Companies Act. Checking disclosures in the financial statements for adequacy and consistency.</p>

Independent

Auditors' Report

Key Audit Matter	Auditor's Response
Given the materiality of the amounts involved and the judgement required in determining which costs qualify for adjustment against Securities Premium versus those to be expensed, this matter was considered to be of most significance in our audit.	Based on the audit procedures performed, we found the classification and accounting treatment of IPO expenses to be in accordance with the applicable financial reporting framework.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent

Auditors' Report

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
- As required by Section 143 (3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director

Independent

Auditors' Report

in terms of Section 164 (2) of the Act.

- With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and
- With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 26.2 to the financial statements.
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- Based on our examination, which included test checks, the Company, has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems,

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software's for the period for which the audit trail feature was operating.

to the Independent Auditors' Report

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Indian Phosphate Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Annexure - A

to the Independent Auditors' Report

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Having registered office at Plot 638, Sector-11, Udaipur City, Udaipur, Girwa, Rajasthan, India, 313001 The company was incorporated with main object "To carry on balance to manufacture, produce, process, supply, import export etc. of fertilizer and Organo sulphur compounds, chemicals, Agro-Chemical and farmer's produce"

The Financial Statements for the year ended 31st March 2025 were approved by Board of Director on 29-05-2025.

Significant Accounting Policies

CONVENTION

To prepare financial statements in accordance with applicable Accounting Standards in India. A summary of accounting policies, which have been applied consistently, is set out below. The financial statements have also been prepared in accordance with relevant presentational requirement of the Companies Act, 2013.

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention and on accrual basis and on going concern concept.

USE OF ESTIMATES

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reported period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

FIXED ASSETS

To state Fixed Assets at the cost of acquisition inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction/fabrication, related pre-operational expenses form part of the value of the assets capitalized. Expenses capitalized also includes applicable borrowing costs. To adjust the original cost of fixed assets acquired through foreign currency loans at the end of each financial year by any change in liability arising out of expressing outstanding foreign currency loan at the rate of exchange prevailing at the date of Balance Sheet.

To capitalize software where it is expected to provide future enduring economic benefits. Capitalization costs includes license fees and cost of implementation/system integration services. The costs are capitalized in the year in which the relevant software is implemented for use.

All up-gradations/enhancements are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

No amortization is provided in the Accounts in respect of Leasehold Land in view of the long term tenure, which is akin to ownership.

Depreciation on Fixed Assets is provided for on Straight Line Method over the useful life of the assets at the rates and in the manner specified in the Schedule II of the Companies Act, 2013.

INVESTMENTS

To state current investment at lower of cost and fair value, and long term investments are stated at cost. Where applicable, provision is made where there is a permanent fall in valuation of long term investments.

Notes

to the Standalone Financial Statements for the period ended 31st March, 2025

CURRENT ASSETS

Inventories are valued as:

- (a) Stores and Spares : at lower of cost or net realizable value
- (b) Raw Materials : at lower of cost or net realizable value
- (c) Work in process : at lower of cost or net realizable value
- (d) Finished Goods : at lower of cost or net realizable value

Cost is arrived at on First In First Out basis. Cost comprises expenditure incurred in normal course of the business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activities. Obsolete, slow moving and defective inventories are identified at the time of physical verification of inventories and, where necessary, provision is made for such inventories.

IMPAIRMENT OF ASSETS

Impairment is ascertained at each balance sheet date in respect of company's fixed assets. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the net selling price and value in use. In assessing value and use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor.

ACCOUNTING FOR PROVISIONS, CONTINGENT LIABILITIES & CONTINGENT ASSETS

Provisions are recognized in terms of Accounting Standard 29-"Provisions, Contingent Liabilities and Contingent Assets" issued by The Institute of Chartered Accountant of India, when there is a present legal or statutory obligation as a result of past event where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent Liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or where reliable estimate of the obligation can not be made. Obligations are assessed on an ongoing basis and only those having largely probable outflow of resources are provided for.

Contingent Assets are not recognized in the financial statements.

CLAIMS

To disclose claims against the company not acknowledged as debts after a careful evaluation of the facts and legal aspect of the matter involved.

Auditors' Report

To,
The Members,
Indian Phosphate Limited,

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of M/s. Indian Phosphate Limited (hereinafter referred to as the "Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as the "the Group") which comprise the Consolidated Balance Sheet as at 31st March 2025, and the Consolidated Statement of Profit and Loss and Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at 31st March, 2025, and consolidated Profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of Management for Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance, and consolidated cash flows of the Group including its Associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent applicable).

The respective Board of Directors of the companies included in the Group and of its associate are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid .

In preparing the consolidated financial statements, the respective Board of Directors included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors included in the Group and of its associate are also responsible for overseeing the financial reporting process of the Group and of its associate.

Independent

Auditors' Report

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Independent

Auditors' Report

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- In our opinion, the aforesaid Consolidated financial statements comply with the Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.
- On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of the Subsidiary Company and associate company, none of the directors of the Group companies and its associate is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate – Refer Note No.26.2 to the financial statements.
 - The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its Subsidiary and associate company.
- Based on our examination, which included test checks, the Company and its subsidiary, has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems.

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software's for the period for which the audit trail feature was operating.

With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its Subsidiary included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

to the Independent Auditors’ Report

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (“THE ACT”)

We have audited the internal financial controls over financial reporting of Indian Phosphate Limited (“the Holding Company”) and its subsidiary (the Holding Company and its subsidiary together referred to as the “the Group”) and its associate, as of 31st March 2025 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary company and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors of the subsidiary company, which is company incorporated in India, in terms of their reports referred to in the other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Annexure - A

to the Independent Auditors’ Report

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company and its associate company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Group Information

Indian Phosphate Limited (IPHL" or the "Company"), is a public limited company incorporated under the provisions of the Companies Act, 2013. The Company is primarily engaged in the business of Manufacturers, and resale of fertilizers, and Chemicals. The Company and its subsidiaries (jointly referred to as the 'Group' herein under) are considered in the consolidated financial statements.

Details of Subsidiary

S. No	Name of Company	Shareholding %
1.	Adhishaa Phosphate Limited (Formerly known as Udaipur Polysacks Limited)	26%*

*Subsidiary due to Parent have control over management of Adhishaa Phosphate Limited (Formerly known as Udaipur Polysacks Limited).

BASIS OF CONSOLIDATION

i. Subsidiaries

- The group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the group and has the ability to affect those returns through its power over the group. The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
- The Group entities combines the financial statements of parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expense. Inter company balances and un-realised gains on transactions between group companies are eliminated. Un-realised losses are also eliminated unless the transaction provides evidence of an impairment of transferred asset.
- Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non- controlling interests.
- When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the group's accounting policies.

Where company loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related Non-Controlling Interest and other component of equity. Any interest retained in the former subsidiary is measured at fair value at the date of control is lost. Any resulting gain or loss is recognised in Profit and loss.

ii. Associate

- Under the equity method of accounting, the investment in an associate is initially recognised at cost. The Carrying amount of the investment is adjusted to recognise changes in the group's share of the net assets of the associate is included in the carrying amount of the investment and is not tested for impairment individually.
- The Statement of profit and loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the Equity of the associate, the group recognizes its share of any changes, when applicable, in the statement of changes in Equity. Unrealized gains and losses resulting from transactions between the group and the associate are eliminate to the extent of the interest in the associate.
- Upon loss of significant influence over associate, the group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence in associate and the fair value of the retained investment and proceeds from disposal is recognised in profit and loss.

CONVENTION

To prepare financial statements in accordance with applicable Accounting Standards in India. A summary of accounting policies, which have been applied consistently, is set out below. The financial statements have also been prepared in accordance with relevant presentational requirement of the Companies Act, 2013.

Notes

to the Consolidated Financial Statements for the period ended 31st March, 2025

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention and on accrual basis and on going concern concept.

USE OF ESTIMATES

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reported period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

FIXED ASSETS

To state Fixed Assets at the cost of acquisition inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction/fabrication, related pre-operational expenses form part of the value of the assets capitalized. Expenses capitalized also includes applicable borrowing costs. To adjust the original cost of fixed assets acquired through foreign currency loans at the end of each financial year by any change in liability arising out of expressing outstanding foreign currency loan at the rate of exchange prevailing at the date of Balance Sheet.

To capitalize software where it is expected to provide future enduring economic benefits. Capitalization costs includes license fees and cost of implementation/system integration services. The costs are capitalized in the year in which the relevant software is implemented for use.

All up-gradations/enhancements are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

No amortization is provided in the Accounts in respect of Leasehold Land in view of the long term tenure, which is akin to ownership.

Depreciation on Fixed Assets is provided for on Straight Line Method over the useful life of the assets at the rates and in the manner specified in the Schedule II of the Companies Act, 2013.

INVESTMENTS

To state current investment at lower of cost and fair value, and long term investments are stated at cost. Where applicable, provision is made where there is a permanent fall in valuation of long term investments.

CURRENT ASSETS

Inventories are valued as:

- | | | |
|-----------------------|---|--|
| (a) Stores and Spares | : | at lower of cost or net realizable value |
| (b) Raw Materials | : | at lower of cost or net realizable value |
| (c) Work in process | : | at lower of cost or net realizable value |
| (d) Finished Goods | : | at lower of cost or net realizable value |

Cost is arrived at on First In First Out basis. Cost comprises expenditure incurred in normal course of the business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activities. Obsolete, slow moving and defective inventories are identified at the time of physical verification of inventories and, where necessary, provision is made for such inventories.

IMPAIRMENT OF ASSETS

Impairment is ascertained at each balance sheet date in respect of company's fixed assets. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the net selling price and value in use. In assessing value and use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor.

ACCOUNTING FOR PROVISIONS, CONTINGENT LIABILITIES & CONTINGENT ASSETS

Provisions are recognized in terms of Accounting Standard 29-“Provisions, Contingent Liabilities and Contingent Assets” issued by The Institute of Chartered Accountant of India, when there is a present legal or statutory obligation as a result of past event where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent Liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or where reliable estimate of the obligation can not be made. Obligations are assessed on an ongoing basis and only those having largely probable outflow of resources are provided for.

Contingent Assets are not recognized in the financial statements.

CLAIMS

To disclose claims against the company not acknowledged as debts after a careful evaluation of the facts and legal aspect of the matter involved.

26.12 Impairment of Assets:

That the Board of Directors is of the opinion that the discounted net future generation from the Assets in use and shown in the schedule of Fixed Assets is more than the carrying amount of Fixed Assets in Balance Sheet. As such, no provision for Impairment of Assets is required to be made in terms of the requirement of Accounting Standards (AS-28) “Impairment of Assets” issued by the Institute of Chartered Accountants of India for the period ended 31st March, 2025.
